

THE RECOVERY CENTRE

ANNUAL SURVEY

April 2024

Dear Resident

How are we doing at the Recovery Centre?

The Recovery Centre (TRC) residents and staff have a good track record of working well together.

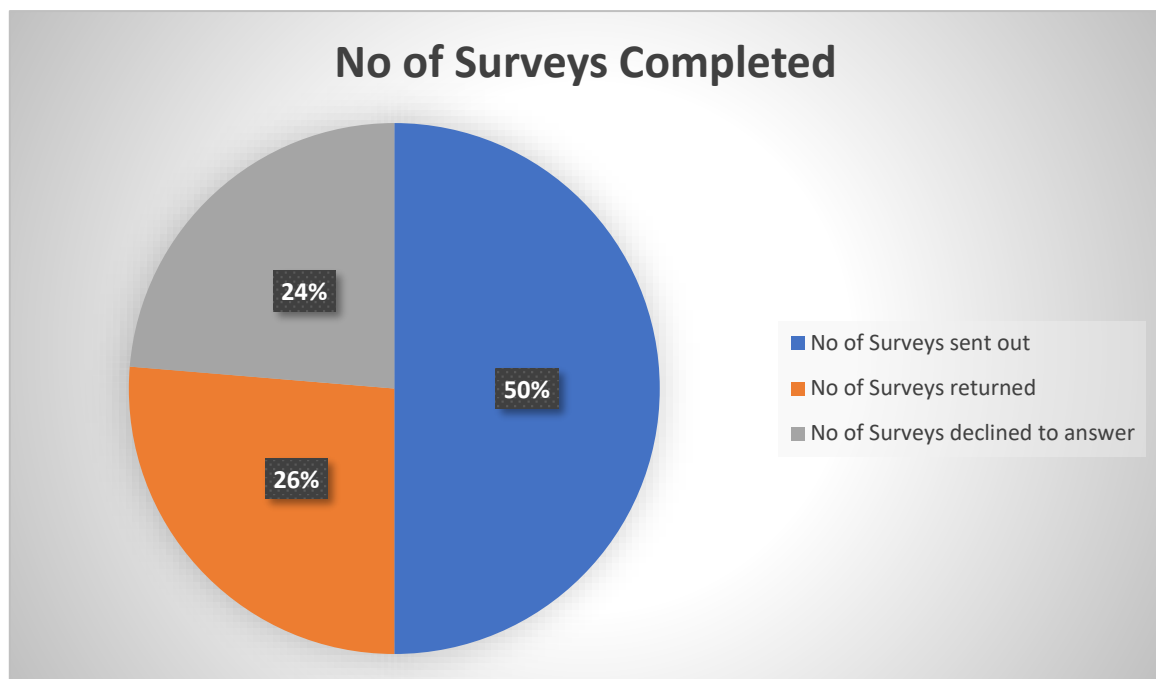

The Care Inspectorate regularly reviews this service to make sure that we are meeting the National Care Standards and doing the best we can.

This is the recorded feedback and action plan from the recent survey from February 2024.

To help avoid staff bias student nurses on placement helped, managed, and supported the residents survey process.
